REMINDER

GRADE SIX IMMUNIZATIONS

7/22/20

Dear Parents/Guardians of **Sixth** Graders:

Please be informed that the required immunizations for your child/children need to be documented from your doctor before the first day of school or sooner.

The following immunizations are required for every child born on or after January 1, 1997 and entering or attending grade **SIX** as follows:

1: ONE DOSE of **Tdap** (Tetanus, diphtheria, acellular pertussis) given no earlier than the 10th birthday. A child does not need this Tdap dose until **five** years after the last DTP/Dtap or TD dose.

2: ONE DOSE of a **meningococcal-containing vaccine**. This applies to students when they turn 11 years of age and attending Grade Six.

Students entering the sixth grade students that have not submitted proof of the required immunizations will not be permitted to enter school on the first day of school. This is a state mandated regulation. You must submit written proof from your physician that your child has received their required immunizations, or that they have a scheduled appointment to do so within the first two weeks of school. Failure to do so will result in your child being placed into the full remote learning platform for the first trimester of school.

Thank you for your anticipated cooperation.

Sincerely,

Mr. Robert Porfido
Principal
Memorial Middle School
